INTEGRITY
THE PRINT PROFESSIONALS

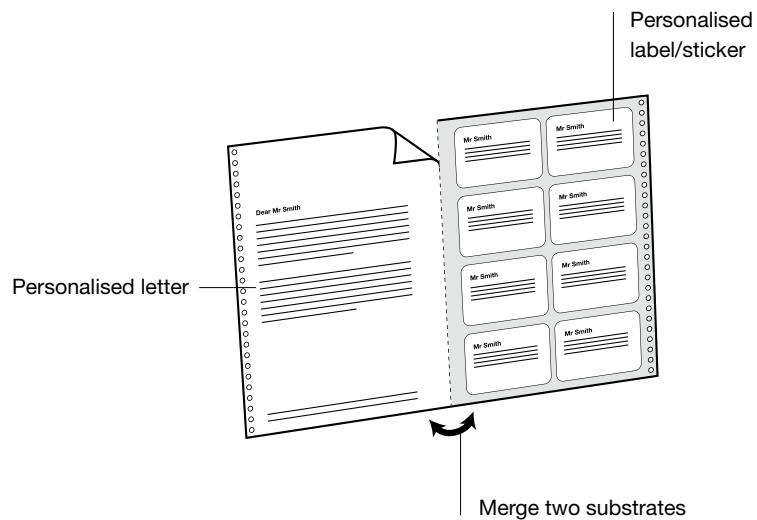

Double Take is a unique product that combines two different materials, together with the ability to incorporate complex die-cutting and matrix removal.

Produced in a wide range of sizes and constructions, both continuous and sheeted, it's widely used as a response device for direct mail campaigns and in the Business form market for products such as timesheets, picking and despatch notes. Our advanced and highly accurate production facilities can provide bespoke Double Take products tailored to meet your specific requirements.
